

## URGENT ACTION NEEDED

# National Association of Counties Urges Congress, White House to Provide Immediate Relief to Support COVID-19 Response on the Ground

*COUNTIES CALL FOR UNITY TO ADDRESS UNPRECEDENTED PANDEMIC*

As congressional leaders and the White House negotiate the interim emergency coronavirus relief package, or the COVID-19 3.5 supplemental package, **we need your voice to ensure that county priorities are included**, especially direct, immediate funding to counties of all sizes.

The COVID-19 "3.5 plan" offered by the congressional Democratic leadership is the best and only offer on the table for state and local governments right now. The plan would provide \$150 billion in new funding for state and local governments, **including \$29.5 billion directly to all of America's counties to help cover expenditures and lost revenue**.
